

DECLARATION OF CONFORMITY

according to directive 2011/65/EU

„RoHS – restriction of the use of certain hazardous substances in
electrical and electronic equipment”

Hereby we confirm that we comply with Directive 2011/65/EU on the restriction of the use of certain hazardous substances in electrical and electronic equipment.

We currently assume that the maximum concentration values of the substances listed in Annex II of the directive will not be exceeded in the materials used for manufacturing of our product.

This statement is based on analyses and written confirmations from our suppliers, which we have received to date.

As soon as we have information to the contrary, we will inform you immediately.
